

Skills Certificate in Environmental Science at College of Marin

(page 99 of 2008-2009 Course Catalog: <http://marin.edu/PDFs/Catalogs/2008-2009COM-Catalog.pdf>)

This is the starting point for all those interested in pursuing interests in environmental science. The program leading to this certificate introduces students to the major areas of environmental science, provides the basic background necessary for analysis and solution of environmental problems, gives an overview of some of the most important problems in Marin and provides direct contact with people solving them. It is designed to be completed in two years. It can be added to a College of Marin A.A./A.S. degree to improve transferability to bachelor's programs in environmental science. It can also be earned apart from any degree to show mastery of the basics of the field of environmental science and to increase the diversity of job options in the field.

REQUIREMENTS	UNITS
BIOL/GEOL 138 Introduction to Environmental Science	4
BIOL 110 Introduction to Biology	3
CHEM 105 Chemistry in the Human Environment	3
or	
GEOL 120 Physical Geology	3
or	
GEOG 101 Physical Geography	3
BIOL/GEOL 142 Environmental Policy and Planning	3
or	
BIOL/GEOL 145 Ethics in Science	3
or	
GEOG 102 Humans and the Environment	3
BIOL/GEOL 143 Stewardship of Marin Parks & Open Space	3
or	
BIOL 147 Food, People and the Environment	3
or	
BIOL 148 Marin County Agriculture	3
